

Child/Family Health, Public Health

The Sanford School offers majors and curriculum that will provide our students with a wide variety of career-transferable skills that will serve as a solid foundation for seeking careers in many fields. Furthermore, our major maps include many elective credits to give students an opportunity to take classes, both inside and outside of our school, that will inform career choices. The following is a list of course suggestions for students interested in:

Child/Family Health

CDE 244 Children Facing Healthcare Challenges
